**Expires 31 December 2002**

1 January 2002

## **WEAR OF THE MILITARY UNIFORM**

1. In 1968 Congress enacted the National Guard Technicians Act primarily to enable the National Guard to carry out its military mission. Since the organization and administration of the technician program is within the military framework of the National Guard, there is emphasis on uniformity, discipline and esprit de corps in the technician program. Public Law 104-106 and Title 32 USC § 709 requires all excepted technicians and AGRs to properly wear the military uniform and federally recognized grade/rank.
2. This instruction is to inform all employees of the California National Guard that there is no authorization to deviate from the law for a "Dress Down Day" or "Casual Friday".
3. The proper standards and wear of the military uniform can be found in accordance with the appropriate service regulation as follows: AR 600-9, AR 670-1 and AFI 36-2903.
4. Uniform standards will continue to be enforced in the California National Guard. How we appear as a military organization and as individuals affects our public image and our survival as a National Guard organization.
5. Direct questions concerning this TAAI to 2d Lt Stuart Ewing at CAGNET 63402, DSN 466-3402 or (916) 854-3402.
